

VILLAGE OF FRAZEYSBURG

ELECTRIC & NATURAL GAS AGGREGATION PROGRAM

Many struggle with shopping for energy rates and understanding the contracts. Frazeytsburg offers a simple solution this November: a collective buying program for electricity and natural gas.

**This November a
"Yes" Vote Means
Saving Money
Together As a
Community!**

You will continue to receive the same utility bill from AEP or Columbia Gas, and your service will remain unchanged, but now you'll enjoy price stability in a rising market!

WHAT DOES IT MEAN FOR YOU:

- Lower rates through bulk buying power
- Protection from high supplier monthly variable rates
- No tricks- no early exit fees, no automatic high-price renewals
- Local control- Frazeytsburg picks the supplier, not the utility or a big corporation

VOTE!

➤ "Shall the Village of Frazeytsburg have the authority to aggregate the retail electric/natural gas loads located in the Village of Frazeytsburg, and for that purpose, enter in to service agreements to facilitate for those loads the sale and purchase of electricity/natural gas, such aggregation to occur automatically except where any person elects to opt out?"
